Marcello Pagano is Professor of Statistical Computing in the Department of Biostatistics at the Harvard School of Public Health. His research in biostatistics is on computer intensive inference and surveillance methods that involve screening methodologies, with their associated laboratory tests, and in obtaining more accurate testing results that use existing technologies.

### [PDF] Principles Of Biostatistics | Download Full eBooks ...

In my review of the Principles of Biostatistics, I noted that various parts of the book glazed over certain material, did not provide full explanations, and/or provided complicated solutions. Furthermore, the professor was required to step in and supplement the book's guide/instructions with their own, in order for the students to fully grasp/understand the content.
