The subject of sexuality is often a controversial one, and exploring it through a world history perspective emphasises the extent to which societies, including our own, are still reacting to historical change through contemporary sexual behaviours, values, and debates.The study uses a clear chronological structure to focus on major patterns and changes in sexuality - both sexual culture and sexual behaviours - in the main periods of world history, with comparison and discussion across ...

Sexuality in World History (Themes in World History ...

Theme: Sex and Gender in World History Since history has been made by women and men, as well as by people with other kinds of gendered identities, we think that this path is a significant one. It combines a world focus with some specific regional case studies, and addresses these issues not only as they played out in recent times, but in the far past.
