Techniques: Amazon.co.uk ...

Inspirational examples of the work of today's artist blacksmiths illustrate the imaginative use of particular techniques in the making of a wide variety of products. Written by a leading smith and drawing on his wide-ranging experience, the techniques are presented as the building blocks from which craft skills can develop and individual designs can be created.

The Artist Blacksmith - Design and Techniques-centaurforge.com

Combining original contemporary design with ancient blacksmith technique, we are a small and highly creative team of blacksmiths and designers. From our Sussex forge we work to commission. Our aim is simple- to design and make some of the finest bespoke metalwork, gates, and architectural blacksmithing in the UK today.

schooling prior to taking up the hammer. His well-disciplined background in art is abundantly evident in both the quantity and the quality of the illustrations in this excellent book.

The Artist Blacksmith by Peter Parkinson

In Australia contemporary design in forged ironwork is a new exciting take on the blacksmiths trade. This is your chance to support the vanguard of this vibrant transformation of an age old craft. It is ideally suited to practical and sculptural applications with its tactility, strength, freedom in design and durability.
