Description : The fundamental principle of 'the luck factor' blackjack system is to reduce the risk of losing to a minimum. If you play blackjack for excitement and an adrenalin rush and get a buzz by taking risks, then this system is not designed for you. If you want to be a successful gambler, you must change your style of play.

Richard ran a series of experiments he called "Luck School" and taught unlucky people how to act more like lucky people do. The result? Via Luck Factor: In total, 80 percent of people who attended Luck School said that their luck had increased. On average, these people estimated that their luck had increased by more than 40 percent.
